Market volatility can frequently create opening gaps in stock and commodity prices. This webinar discusses how gaps can be used as trading and timing indicators.

Has market volatility scared you out or stopped you out repeatedly? Have the large margin requirements limited your positions and position size? Do you want HIGH ODDS and consistency? TRADE SPREADS...

• What is a Spread? Clear & Concise Definitions
• The six best reasons to trade spreads now!
• Trade spreads and sleep well
• Why the pro’s trade spreads
• The distinct margin advantage of spreads
• The two major kinds of spreads for futures traders
• How to find and time the best seasonal & non-seasonal spreads
• My list of recommended spreads to follow
• How to spot and find lower risk and lower margin spreads
• My list of the top ten seasonal trades
• Order entry and exit for spreads: How to, & what not to trade

How major cycles in the futures markets can be applied to long term investment decisions.
